Nov/Dec 2015

Hello Oconto County HCE Members,

We are getting ready to start a new year for Oconto County HCE. We need ideas for monthly programs for 2016. Anyone can give Joanne Swanson, our Vice President/Education Coordinator, names of speakers.

The October 20th meeting will be real educational. The Brazeau Dive Team will have the program. After that, we will have a Books R 4 U program. Stitches of Love blankets will be made, and there will be chili for lunch.

Remember that sometimes we need to take dates and times that are convenient for our speakers. Thank you Lori Behnke for all the years she typed our newsletter.

November 10th we will be having Tea Time plus a craft. Shirley Peters from the Hintz club will be doing turkey and gravy for our Thanksgiving Dinner. Special guests will be the 55+ years that can attend. Let me know what days of the week will be good for your clubs to attend our monthly programs.

Thank you Eli Raindancer for agreeing to be the new typist. Hope to see everyone at the next two meetings. As always, remember this is your organization.

Joy M. Campshure

Here's a poem by Jack Prelutsky,
submitted by Joann Swanson—
A reminder how convenient it is that we
are next to the fire department when we
enjoy Joy's chili every October!

When Tillie Ate the Chili

When Tillie ate the chili,
She erupted from her seat,
She gulped a quart of water,
She fled screaming down the street,
She coughed, she wheezed, she sputtered,
She ran totally amok.
She set a new world record
As she raced around the block.

Tillie's mouth was full of fire,
Tillie's eyes were red with tears,
She was smoking from her nostrils,
She was steaming from her ears,
She cooled off an hour later,
showing perfect self-control,
As she said "What tasty chili,
I should have another bowl."

November Is Diabetes Awareness Month

Diabetes & Heart Healthy Cookbook: Diabetics are at a very high risk of having a heart attack or stroke. The American Heart Association & the American Diabetes Association teamed up to create this unique cookbook.

The End of Diabetes: Famous for his "Eat to Live Plan", Joel Fuhrman, M.D. shows how to apply that plan to diabetes. He explains how preventive medicine could help or prevent diabetes, without the use of medications.

Thriving with Diabetes: Published in August by the founding doctors of Diabetes Daily, this book provides you with a 4-step plan. These steps not only deal with your symptoms, but change the way you think to improve your health, happiness, and quality of life with diabetes.

We have a few new diabetes materials that have been added to our Healthy Living Resources!
