Agricultural Film Recycling:

Current status for collection & recycling

September 25, 2014

1:00pm – 4:00pm

Comfort Suites Foxfire

199 Foxfire Drive, Waupaca WI

Purpose: To provide interaction between recyclers and collectors and to discuss program funding and identifying mechanisms to fund collection efforts as well as other barriers to the expansion of collection of agricultural plastic film in Wisconsin.

Meeting Agenda:

- 1) Summary of Issue and Efforts to date in Wisconsin: (45 minutes with questions)
- 2) Networking with plastic recyclers (60 minutes)
- 3) Facilitated discussion about expanding the collection of ag plastics in Wisconsin – logistics, infrastructure, funding, etc. (50 minutes)

Registration is requested, by contacting

Recycling Specialist, Joe Van Rossum, at

joseph.vanrossum@ces.uwex.edu or 608-262-0936

Stored Grain Integrated Pest Management in the North Central United States

Friday, September 12, 2014, 10:00 a.m. to Noon

The webinar will include Live Q & A, instructional materials via internet links, and will be archived for later reference or if you can't join live:

- Biology and identification of key stored grain pests; basic of IPM for stored grain; proper fumigation—issues and challenges.
- Prevention of grain infestation: residual insecticides available and their proper application; strategic use of aeration for grain cooling and pest suppression.
- IPM for corn and other products in the upper Midwest: issues and challenges with grain drying and cooling; pest management for animal feed, ethanol and value-processed food.

Pre-registration is required. Go to

<http://www.ncipmc.org/training/> to

register. Participation will be limited to the first 200 computers.
